

Welcome to the Doors of Perception

*See if you can uncover the mystery and magic that
lies behind the Doors of Perception...*

Asking Questions and Defining Problems

(What you need to write in your notebook)

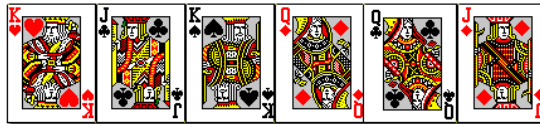

1. Develop **one or more testable hypothesis** on how the magic trick works.
2. What are some **other possible explanations** for the magic behind and within the Doors of Perception?
3. **Draw** at least **2 pictures** describing or modeling the activity.
(You can do this in your physical notebook or capture and paste images into your digital notebook.)
4. Use **2 to 4 sentences** to address the questions below:
 - a. **Explain** how the Doors of Perception work and GOK is able to select your card?
 - b. Why does the card selected **not** always disappear? What “**Magic**” is being used to cause it to not always select the correct card or only one card from a group of say three people?
 - c. What aspects of the **science and engineering practices** (SEPs) did you use to explore the mysteries of the Doors of Perception?
 - d. What did you learn from this activity as it relates to **doing science**?

Welcome to the Doors of Perception
I am GOK (Guide Of Knowledge), and it is my job
to read your MIND. Please select a door below.

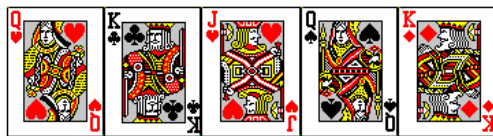

Beware of the Path You Take...

Now, I shall attempt to control your thoughts.
Please mentally select a card and concentrate on it.
But please, DON'T CLICK on your card.
I will perform this feat via mind control.

After you have memorized your card,
please click [HERE](#) to continue.

GOK has selected your card and
has removed it from the pile.

Surprised?

Magic or Mind Control?

Try Again?
