

The Mathot Science Text Reading Method

(for fun, happiness, success and enlightenment in science readings)

1. Read all **chapter, section** and **paragraph headings**.
2. Read all **bold face print** and **highlighted** concepts
3. Read all the green and yellow keys. 
4. Look at and read all the **pictures, illustrations & drawings**.

BONUS: Reflect on the Reading – Pick two or three concepts from the reading and see if you can example what they mean. Go back into the reading to check if you get them correct.
